

Perth Holiday Program

School holidays are a great time for children and young people to socialise, try new experiences, and enjoy time away from the classroom. At HealSoul / AMP Support Services, we provide safe, inclusive, and engaging programs where every child is supported to thrive. With 1:1 personalised support and transport included, families can feel confident their child's needs are cared for throughout the day.

Support and transport may be funded through your NDIS Plan. Activity entry fees are out-of-pocket and may vary depending on the activity. **If you sign up for all activities by 26th June 2026, HealSoul / AMP Support Services will cover your child's entry fees for the program.**

Activities may include animal farms, water play, cooking, or craft experiences. Please ensure your child is dressed appropriately for the day and weather, as **activities may vary**. If changes occur, families will be notified. **Afternoon/ Morning activities may also include** free community outings to increase engagement and variety, such as playground visits, libraries, Bunnings DIY sessions, or other local events.

Please check in with support workers at morning pick-up for the day's itinerary, which will be provided in advance.

Please **ensure your child brings** a water bottle, hat, change of clothes, swimmers and towel, Smartrider Card, Companion Card if applicable, lunch, and any spending money if required.

If your child would prefer an alternative activity, let us know and we're happy to tailor the program where possible.

Please note that some activities have age requirements and entry fees may vary. We will confirm any restrictions with you before the activity.

Please send your enrolments or enquires
